

# Training a Ukrainian Commando Force

## Global Britain leading the way

---

### **What:**

*Training an immediate commando force to re-establish Ukraine's Maritime Sovereignty, degrade the Russian Navy and open another flank in the fight for Kherson and the south of Ukraine.*

### **How**

A thousand strong Commando force trained in Britain by military veterans equipped with British equipment.

# BASIC TRAINING

---

**We have been designing and preparing the Commando training package for 3 months:**

- The WW2 Achnacarry Commando principals form the foundation of our training programme.
- All our instructors are British former Royal Marine Commandos and Special Boat Service.
- Recruited from Ukrainians abroad and volunteers inside Ukraine we have engaged a Ukrainian recruitment agency to ensure compliance with Ukrainian labour laws before being integrated into the Ukrainian Navy on completion of training.
- Basic training of 12 weeks be completed by the unit in the use of all troop weapons including mortars, anti-tank missiles, sniper craft, cliff assault, small craft training, demolitions. Full orientation of Crimea and the Ukraine coastal area and target recognition Russian forces and equipment.

# COMMANDO TRAINING

---

Five weeks of commando training in cliff assault and long-range maritime operations based on strategic targets in Ukraine.

# CONTINUATION TRAINING

---

Additional five weeks of specialist training:

- Mountain Leaders
- Raiding craft coxswains
- Snipers
- Heavy weapons
- Combat Swimmers
- SDV Pilots
- Drone Pilots
- Signals

# Special Operations Executive

---

- Individuals who are fluent Russian speakers and deemed suitable for covert undercover operations will be selected.
- These will also include female operators to be inserted into southern occupied Ukraine and Crimea for intelligence gathering and sabotage of key infrastructure targets.
- All operatives trained by former SOE instructors and MI6 officers.

# Equipment

---

20 x 10 meter RIBs

12 x CB90s (donated by Sweden)

2 x Autonomous Surveillance craft

4 x SDVs

Troops fully kitted out for operations

Weapons

Specialist equipment

All equipment has been quoted for and lead in times identified.

# Operational ORBAT

445 x Commandos for raiding operation by RIBs and CB90s.

40 x Commando Mortars CB90

20 x Commandos Anti Tank

20 x Commandos Air Defense

20 x Commandos sustained fire support role

60 x Commandos Mountain Leaders

20 x Commandos Snipers

140 x Combat swimmers and SDV pilots

70 x Commando Engineer Demolition specialists

40 x SOE Agents

40 x Commandos drone operators

135 x Commandos Raiding craft support

# POTENTIAL TARGETS

---

- Locate and destroy mobile missile vehicles such as the S400 in Crimea.
- Locate and destroy hardened coastal radar systems such as Feodosiya station and others.
- Work behind enemy lines in hit and run operations to support the defence of Mykolaiv.
- Conduct hit and run operations along the Dnipro River.
- Combat swimmer and SDV mine operations against Russian warships and submarines docked in Sevastopol.
- Conduct a large-scale Commando cliff assault the Utes anti ship missile complex in Crimea which holds the highest concentration of missiles in the world.
- The use of unmanned submarines to attack Kerch Bridge.

# Budget

---

- Equipment £30m
- Training £28.5m
- Operational deployment £5m
- Strategic & Campaign Planning Capability including Targeting £10m
- **Total Budget £73.5m**
- The program is at high state of readiness. We are ready to go.
- The whole Commando Force trained in 27 weeks.

# SUMMARY

---

- The project is driven by providing the best of British training, equipment and know how by highly experienced Commando veterans.
- The Commando Force will be a force multiplier and highly mobile
- Operating at night giving much needed help to the Ukraine forces fighting in Kerson and southern Ukraine.
- Russian outdated doctrine will struggle with a highly motivated and well-equipped naval force conducting hit and run operations and targeting Crimea the home of the Black Sea Fleet.
- A new Ukrainian commando force will bring shock and awe, hitting high value targets breaking the morale of Russian naval forces.
